FIP 技术产品有限公司，成立于 1946 年，多年来公司的建立以及其传统业务在它专长供应专有的高技术产品的帮衬下已经巩固。此系列的产品是专用于建筑公司的大型建筑工地和多样化的工业应用。可靠性高，质量好和公司广泛的产品目录，再加上巨大的分销潜能，使 FIP 技术产品有限公司成为驰名企业具有战略的供应商。

FIP 技术产品有限公司的质量体系已获得 ISO 9001:2008

PRODUCTS

Features

Material (Ducting fabric)	AEROTUBO
Properties	Flame Retardant (FR), Antistatic (AFR)
Diameter	Ø 300 up to Ø 3000 (mm)
Section Length	15, 20, 25, 50, 100 (m) or other upon request
Included	Coupling system & Suspension system
Certification	ATEX Certified, according to 94/9/EC E.U. directive

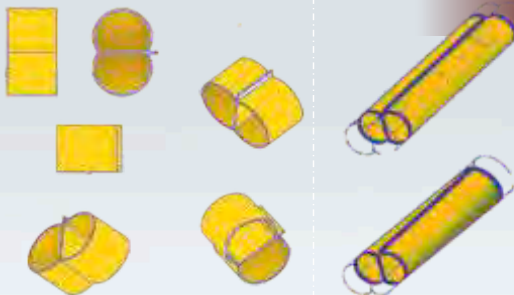

Normal Type

Positive Pressure Duct

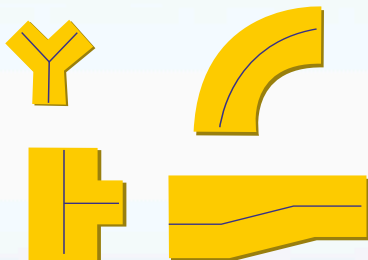

Spiral Type

Negative Pressure Duct
CONCERTINA

Twin Type

Biduct

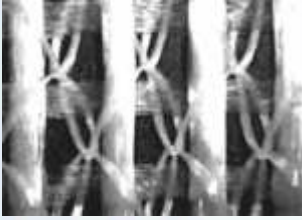

Special Items

Branches Y-type, T-type,
Bends, Reducer cones

Technical Characteristics

AEROTUBO is manufactured from PVC-coated knitted polyester fabric, is characterised by low weight and high strength, whilst at the same time it remains a very pliable and easy to handle duct. The ducting fabric type AFR has Antistatic and FR (Flame Retardant) properties.

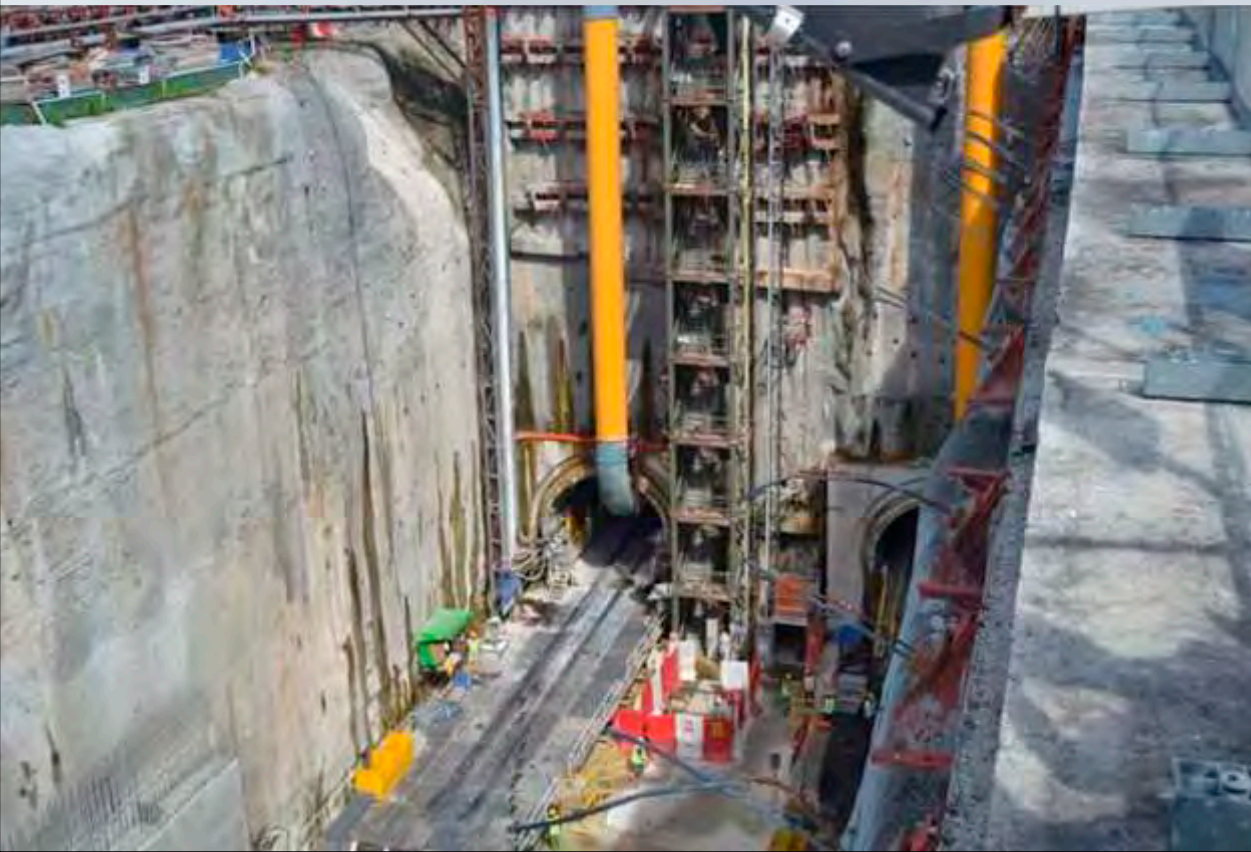

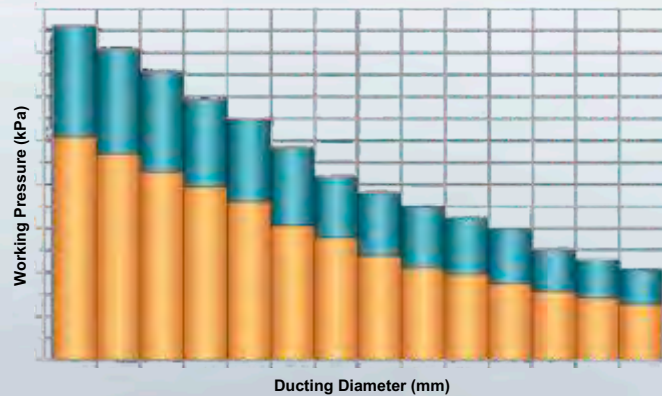

The specially developed knitted polyester yarn inside give at the duct the maximum high tear resistance and it prevents small holes and cracks from growing and causing the entire duct to tear.

The outside PVC-coating makes the duct airtight and watertight, protects the yarn against UV radiation and chemical effects of light, plus it makes it possible to weld the individual sheets together into a circular duct. The chemical composition of PVC-coating does not contain cadmium (Cd) or any other heavy metal content.

The technical characteristics of vent-ducts meet the special requirements of each project. The quality of the fabric, the diameter of the duct, the section length, the coupling and the suspension system, are capable of being adapted to the needs of any underground work.

AEROTUBO ducting guarantee a proper aerodynamic design with reduced air pressure loss.

**Ventilation Ducting Pressure Chart
Highest permitted working pressure**

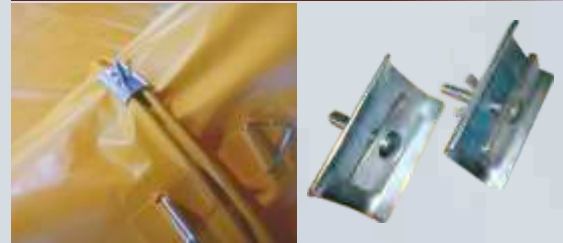

Coupling System

All the systems secure the coupling and provide complete airtight sealing.

Zip coupling

Steel Ring coupling with metal clamps

Steel Ring coupling with over-cover metal ring

VELCRO coupling

AUSSIE coupling

Suspension System

With Triangle type double-locking hooks

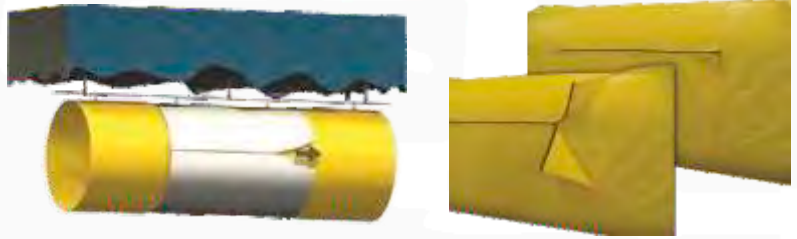

With Metal eyelets

Repair Solutions

Zipper Repair Sleeves

For easy and quick covering the damaged ventilation ducting closing with zipper at the bottom of the duct. Zipper Repair Sleeves can be manufactured on any diameter of Ventilation Ducting.

Zipper Repair Sleeves

Repair Kit

Includes one set of handheld hot air welder with its silicone roller and pieces of AEROTUBO ducting fabric.

Handheld hot air welder

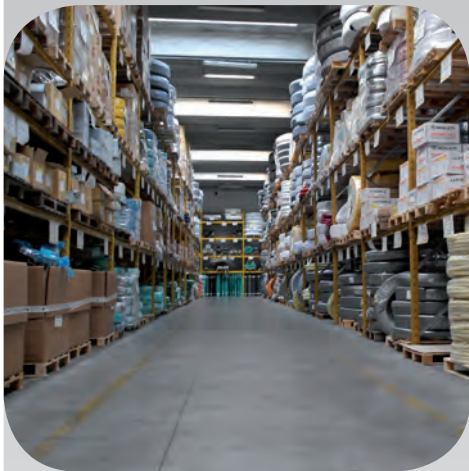

Repair Kit
